REQUEST FOR PROPOSAL
PROJECT NO. RFP-C 21-53
FURNITURE, FIXTURES AND EQUIPMENT
QUESTIONS AND ANSWERS No. 1

Date: August 19, 2021
To: Prospective Proposers
From: Procurement Operations Department, Houston Community College
Subject: Questions and Answers Responses

Q1. ADP Lemco Whiteboard: What size and color?

Response: The visual display boards (Not an interactive whiteboard) are 4'-0" x 8'-0" white marker boards.

Q2. Are there drawings for this project, if so, how can we access them?

Response: See the attached below, Construction Drawings_Collaboratorium Room Buildout.

Q3. Will the tables be detached or attached to one another? In addition, if they are attached, do the tables need ganging brackets?

Response: Provide detached tables.

When issued, "Questions & Answers" shall automatically become a part of the solicitation documents and shall supersede any previous specification(s) and/or provision(s) in conflict with the Questions & Answers. All revisions, responses, and answers incorporated into the Questions & Answers are collaboratively from both the Procurement Operations and the applicable HCC Department(s). It is the responsibility of the bidder/respondent to ensure that it has obtained all such letter(s). By submitting a bid on this project, bidders/respondents shall be deemed to have received all Questions & Answers and to have incorporated them into this solicitation and resulting proposal response.

Furthermore, it is the responsibility of each Contractor to obtain any previous Questions & Answers associated with this solicitation.

General Notes to Project

- Do not scale drawings. Use figure dimensions only.
- Field verify all dimensions and existing conditions before proceeding with work.
- The note "No Work in This Area" is a general statement. Some MEP work and architectural work may be required in these areas to complete a system to operational status, for minor renovation, for touch-up work, or for verification of existing conditions (i.e. previously inaccessible areas, behind to the scope of work. Verification of such a condition may or may not impact the project and will be evaluated on a case by case basis.
- Refer to sheet 00-85 for partition types.
- Refer to sheet A8-10 for cabinet types.
- Refer to 00-82 for standard mounting heights.
- Where any equipment is wall mounted, provide blocking in wall.
- GC to coordinate installations of vendor installed equipment.
- All interior dimensions are from finished face or centerline of column.
- Where enlarged plans or partial plans are referenced, dimensions, notes, special detailing, and finish requirements are noted on the reference sheets and are omitted on the smaller scale plans.

Project Information

Scope:
Relocate vending machines to hall and construct new closet. Add storefront system at room entrance. Reconstruct cabinet at room E. wall. Add furring wall at rooms N. wall. Carpet room and add new monitors and whiteboards on N. & S. walls.

SECTION 05 10 - PAINTS, COATINGS, AND POLISHES

05 10 00 - PAINTS, COATINGS, AND POLISHES - GENERAL

1. Furnish and apply all paints, primers, stains, varnishes, and finishes to be specified in the schedule of finishes, including the preparation of surfaces to be painted or finished. The work shall include the removal of old paint, sanding, and patching of holes and gouges. The contractor shall be responsible for the selection of paint colors and finishes to be specified in the schedule of finishes. The contractor shall provide a color chart and finish samples for approval before proceeding with the work. All paints, primers, stains, varnishes, and finishes shall be of the highest quality and shall meet the requirements of the manufacturer's literature. The contractor shall be responsible for the storage and protection of all materials during the project. The contractor shall be responsible for the disposal of all waste materials in accordance with applicable laws and regulations. The contractor shall be responsible for the cleanup and removal of all materials from the site at the completion of the project. The contractor shall be responsible for the maintenance and repair of all work done during the project. The contractor shall be responsible for the coordination of all work with other trades and shall provide a schedule of work for approval before proceeding with the work. The contractor shall be responsible for the completion of all work in a timely and efficient manner. The contractor shall be responsible for the cost of all materials and labor. The contractor shall be responsible for the safety of all workers and shall provide all necessary safety equipment and training. The contractor shall be responsible for the insurance and bonding of all workers and shall provide a certificate of insurance and bonding to the owner before proceeding with the work. The contractor shall be responsible for the compliance with all applicable laws and regulations. The contractor shall be responsible for the maintenance and repair of all work done during the project. The contractor shall be responsible for the coordination of all work with other trades and shall provide a schedule of work for approval before proceeding with the work. The contractor shall be responsible for the completion of all work in a timely and efficient manner. The contractor shall be responsible for the cost of all materials and labor. The contractor shall be responsible for the safety of all workers and shall provide all necessary safety equipment and training. The contractor shall be responsible for the insurance and bonding of all workers and shall provide a certificate of insurance and bonding to the owner before proceeding with the work. The contractor shall be responsible for the compliance with all applicable laws and regulations.

05 10 01 - PAINTS, COATINGS, AND POLISHES - INTERIOR WALLS AND CEILING

1. Paints, coatings, and finishes shall be applied to all interior walls and ceilings in accordance with the schedule of finishes. The contractor shall be responsible for the preparation of surfaces to be painted or finished. The contractor shall be responsible for the selection of paint colors and finishes to be specified in the schedule of finishes. The contractor shall provide a color chart and finish samples for approval before proceeding with the work. All paints, primers, stains, varnishes, and finishes shall be of the highest quality and shall meet the requirements of the manufacturer's literature. The contractor shall be responsible for the storage and protection of all materials during the project. The contractor shall be responsible for the disposal of all waste materials in accordance with applicable laws and regulations. The contractor shall be responsible for the cleanup and removal of all materials from the site at the completion of the project. The contractor shall be responsible for the maintenance and repair of all work done during the project. The contractor shall be responsible for the coordination of all work with other trades and shall provide a schedule of work for approval before proceeding with the work. The contractor shall be responsible for the completion of all work in a timely and efficient manner. The contractor shall be responsible for the cost of all materials and labor. The contractor shall be responsible for the safety of all workers and shall provide all necessary safety equipment and training. The contractor shall be responsible for the insurance and bonding of all workers and shall provide a certificate of insurance and bonding to the owner before proceeding with the work. The contractor shall be responsible for the compliance with all applicable laws and regulations.

05 10 02 - PAINTS, COATINGS, AND POLISHES - EXTERIOR WALLS AND ROOFING

1. Paints, coatings, and finishes shall be applied to all exterior walls and roofing in accordance with the schedule of finishes. The contractor shall be responsible for the preparation of surfaces to be painted or finished. The contractor shall be responsible for the selection of paint colors and finishes to be specified in the schedule of finishes. The contractor shall provide a color chart and finish samples for approval before proceeding with the work. All paints, primers, stains, varnishes, and finishes shall be of the highest quality and shall meet the requirements of the manufacturer's literature. The contractor shall be responsible for the storage and protection of all materials during the project. The contractor shall be responsible for the disposal of all waste materials in accordance with applicable laws and regulations. The contractor shall be responsible for the cleanup and removal of all materials from the site at the completion of the project. The contractor shall be responsible for the maintenance and repair of all work done during the project. The contractor shall be responsible for the coordination of all work with other trades and shall provide a schedule of work for approval before proceeding with the work. The contractor shall be responsible for the completion of all work in a timely and efficient manner. The contractor shall be responsible for the cost of all materials and labor. The contractor shall be responsible for the safety of all workers and shall provide all necessary safety equipment and training. The contractor shall be responsible for the insurance and bonding of all workers and shall provide a certificate of insurance and bonding to the owner before proceeding with the work. The contractor shall be responsible for the compliance with all applicable laws and regulations.

- ### GENERAL SHEET NOTES
- A. Do not scale drawings. Use figure dimensions only.
 - B. Field verify all dimensions and existing conditions before proceeding with work.
 - C. The work will be in the area of a general statement. Since the work is in an area of a general statement, it is not intended to be a final design. The final design will be subject to a field verification of the work and will be intended to be a design by class work.
 - D. Where emergency plans or special plans are submitted, the contractor shall be responsible for their content. The contractor shall be responsible for their content and shall be responsible for their content. The contractor shall be responsible for their content.
 - E. Where openings are located, responsibility is subject to a field verification of the work and will be intended to be a design by class work. The contractor shall be responsible for their content.
 - F. Where any equipment is used, responsibility is subject to a field verification of the work and will be intended to be a design by class work. The contractor shall be responsible for their content.
 - G. Where any equipment is used, responsibility is subject to a field verification of the work and will be intended to be a design by class work. The contractor shall be responsible for their content.
 - H. Refer to GS-04 for cancelled meeting height.
 - I. Where any equipment is used, responsibility is subject to a field verification of the work and will be intended to be a design by class work. The contractor shall be responsible for their content.
 - J. Where any equipment is used, responsibility is subject to a field verification of the work and will be intended to be a design by class work. The contractor shall be responsible for their content.
 - K. HCC is responsible for existing mechanical equipment.

GENERAL SHEET NOTES

A. Do not scale drawings. Use type dimensions only.

B. Field walls, all dimensions and existing conditions before proceeding with work.

C. The note "NO WORK AT THIS AREA" is a general statement. Some MEP work and architectural work may be required in these areas to provide access to the work areas. The contractor shall be responsible for providing access to the work areas. The contractor shall be responsible for providing access to the work areas. The contractor shall be responsible for providing access to the work areas.

D. Where enlarged plans or partial plans are referenced, dimensions, notes, special ordering, and finish requirements are noted on the respective sheets and are intended to supplement the main plans. Referenced sheets and notes are intended to supplement the main plans. Referenced sheets and notes are intended to supplement the main plans.

E. Where openings are shown, the contractor shall provide the appropriate double door, storm door, or frame.

F. Where any equipment is wall mounted, provide blocking in wall.

G. GC to coordinate installation of window-mounted equipment.

H. Where any equipment is wall mounted, provide blocking in wall.

I. All work dimensions are from finished face of existing walls.

J. All work dimensions are from finished face of existing walls.

K. Field and repair existing masonry as needed to ensure a like new finish on exposed surfaces.

L. All door hardware to comply with ICC standards.

TYPICAL CHANNEL STOREFRONT / SLIDING DOOR FRAME BRACING DETAIL - STOREFRONT / SLIDING DOOR PERPENDICULAR TO STRUCTURE

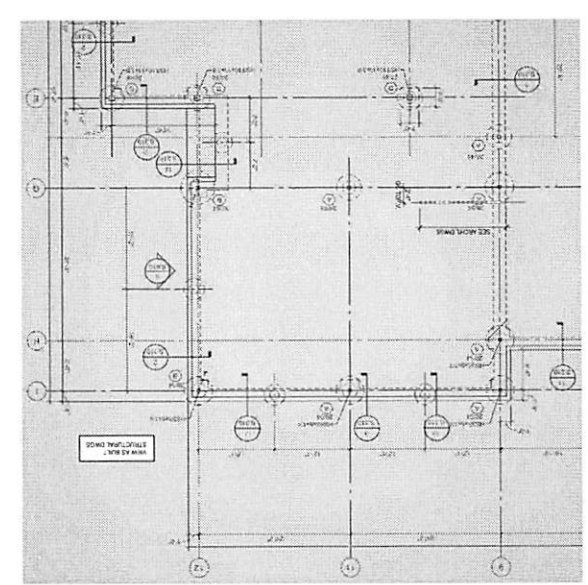

NOTICE: THESE BRACING CONDITIONS ARE DIFFERENT FROM THOSE SHOWN ON THESE DRAWINGS.
BEFORE ANY BRACING IS INSTALLED, THE CONTRACTOR SHALL CONSULT WITH THE ARCHITECT AND ENGINEER TO VERIFY THE BRACING CONDITIONS AND TO OBTAIN THE NECESSARY PERMITS.
THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS AND FOR THE PROTECTION OF ALL EXISTING UTILITIES AND STRUCTURES.
THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROTECTION OF ALL EXISTING UTILITIES AND STRUCTURES.
THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROTECTION OF ALL EXISTING UTILITIES AND STRUCTURES.

2 ROOF FRAMING PLAN

1 FOUNDATION PLAN

DESIGN BY OTHERS
A. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
B. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
C. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
D. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
E. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
F. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
G. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
H. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
I. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
J. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
K. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

DESIGN BY OTHERS
L. In accordance with the conditions of the contract, the contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings. The contractor shall be responsible for the design and construction of the foundation and framing members shown on these drawings.

BRANCH CIRCUIT WIRING SCHEDULE

Table with columns: BREAKER, AMPERAGE, POLES, WIRE SIZE. Lists various circuit breakers and their corresponding wire sizes.

NOTES:
1. BASED ON THE AMPS AND THE CONDUCTORS WERE FEEDER PER NEC FOR OVER
2. ALL FEEDER SHALL BE 90°C/105°C COPPER UNLESS NOTED OTHERWISE
3. ALL FEEDER SHALL BE 90°C/105°C COPPER UNLESS NOTED OTHERWISE
4. BRANCH CIRCUITS DO NOT ACCOUNT FOR VOLTAGE DROP
5. BASED ON EQUIPMENT CURRENT LOADS IN SCHEDULE

FEEDER SCHEDULE (COPPER)

Table with columns: FEEDER, FEEDER SIZE. Lists various feeders and their corresponding wire sizes.

NOTES:
1. BASED ON THE AMPS AND THE CONDUCTORS WERE FEEDER PER NEC FOR OVER
2. ALL FEEDER SHALL BE 90°C/105°C COPPER UNLESS NOTED OTHERWISE
3. ALL FEEDER SHALL BE 90°C/105°C COPPER UNLESS NOTED OTHERWISE
4. BRANCH CIRCUITS DO NOT ACCOUNT FOR VOLTAGE DROP
5. BASED ON EQUIPMENT CURRENT LOADS IN SCHEDULE

ELECTRICAL LEGEND

Legend table listing symbols for various electrical components like switches, outlets, and conduits.

ELECTRICAL LEGEND

Legend table listing symbols for various electrical components like surface mounted panels, panels recessed in walls, and emergency power off switches.

ELECTRICAL SHEET LIST

Table listing sheet numbers and sheet names.

ELECTRICAL ABBREVIATIONS

Table listing electrical abbreviations such as ALUMINUM, COPPER, and various switch types.

1. ALL ELECTRICAL WORK SHALL BE IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
2. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
3. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
4. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
5. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
6. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.

POWER
1. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
2. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
3. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
4. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
5. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
6. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.

GROUNDING
1. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
2. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
3. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
4. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
5. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
6. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.

CONDUIT
1. ALL CONDUIT SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
2. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
3. ALL CONDUIT SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
4. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
5. ALL CONDUIT SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
6. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.

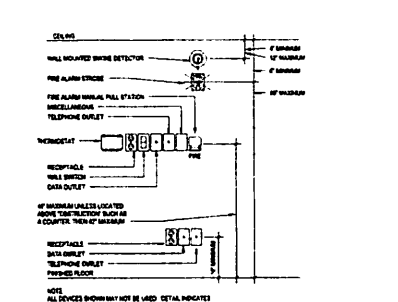

RECEIPTS
1. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
2. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
3. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
4. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
5. ALL ELECTRICAL WORK SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
6. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.

DEVICES
1. ALL ELECTRICAL DEVICES SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
2. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
3. ALL ELECTRICAL DEVICES SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
4. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
5. ALL ELECTRICAL DEVICES SHALL BE INSTALLED IN ACCORDANCE WITH THE 2017 NATIONAL ELECTRICAL CODE (NEC) AND ALL APPLICABLE CODES, ORDINANCES, AND REGULATIONS.
6. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY PERMITS.
